

GRAPHIC WHEELED SHIPPING CASES

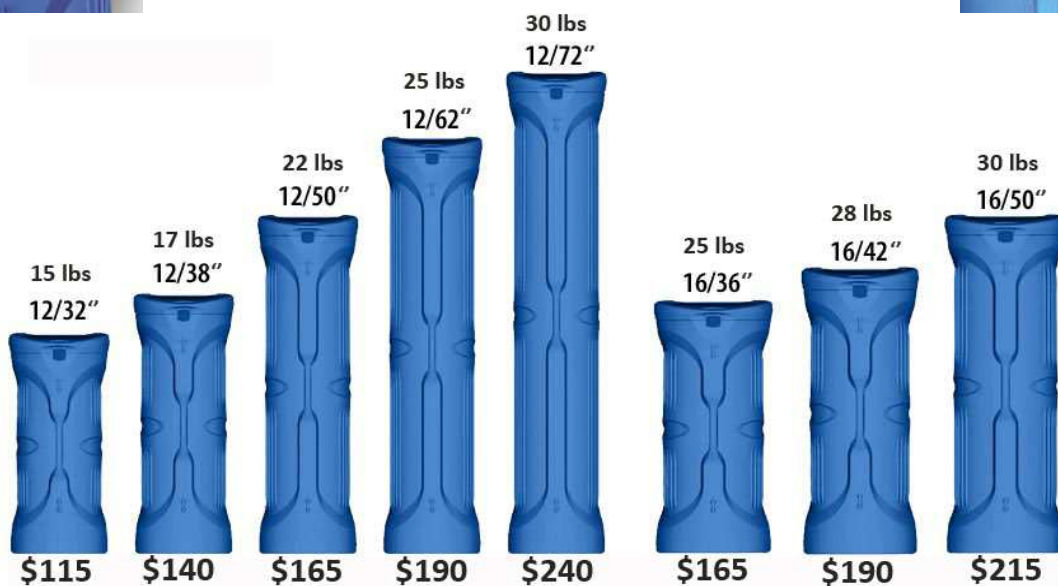

The wheeled hard case is strong and secure under the most demanding field conditions. This case is blow-molded to allow the use of a higher density Polyethylene than conventional roto-molded graphic cases. Our computer modeled contours are engineered to add even greater reinforced strength.

Superior durability, along with new handling features like inline skates, quick-flip two-way lid, and balance compensation pull bars make the wheeled hard case the most innovative large format graphics case you have ever seen!

Rest assured that your precious cargo will arrive safe and sound with your new hard Graphic Case.

- Engineered padlockable, twist latches provide reliable security and protection, standard on every case.
- The balance compensation pull bar keeps the case more upright while pulling.
- Adjustable shoulder strap.
