# Assembly Instructions

1  
Unpack contents of bag.

2  
Position base.

3  
Pull apart set of connected poles to reveal elastic cord.

4  
Place elastic cord down through slot on base while holding ends of poles.

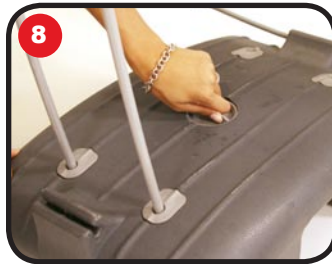

5  
Slide two poles together through slot in base to join together poles.

6  
Hooks on poles should extend up.

7  
Attach remaining parts using elastic cords as guides.

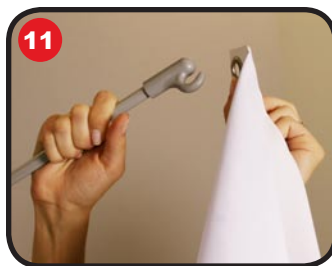

8  
Insert narrow end of assembled poles into set of holes in base.

9  
Poles inserted in base should be in set of holes farthest from horizontal poles in base.

10  
Fill base with water or sand to provide weight.

11  
Attach each corner of graphic to hooks by placing each grommet over hooks on poles.

When using as a double banner stand, repeat the above steps with the second set of hardware.

Reverse the procedure to disassemble.
