

features & benefits

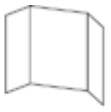

Here is a premier, heavy-duty panel kit for your displays. The Hero locks solidly together to give you a beefy wall to display your graphics and information. In either the Tabletop size or the Exhibit height, the Hero will save the day for your panel display needs.

Hero portable folding panels offer the convenience of folding panels with elegant, seamless panel construction. This system offers concealed hinges, lightweight durability and superb craftsmanship. Panels are constructed of an ultra light core material and covered on both sides with polyester fabric. Full height exhibits can be used separately as two tabletop units! The unique 2" radius curved ends lend a polished appearance.
