

THE MARQUEE, A PERFECT SOLUTION

VINYL

This 15 Oz heavy duty laminated vinyl offers the perfect support needed for this technical frame. Our high performance textile is designed specifically for our Marquees.

Easy to wash and maintain clean, its main asset is its durability, having excellent resistance to tearing, tension and breaking, as well as ability to be 100% waterproof.

BIGGER STRONGER FASTER

If you are looking for a large tent for your next big event that is easy to setup, then we have what you are looking for. Our R&D department has cleverly designed a high-end tent with an efficient setup process.

AESTHETICS & FUNCTIONAL MOBILITY

The high-peak and tensioned fabric appearance, makes the Marquee Tent a favorite at most outdoor events. The vinyl top is held down on at each corner with our unique rope & ratchet technology for a perfect look. This tent will help you to stand out in the crowd and create the perfect ambience for any event.

If you are in the tent business then you already know the great advantage provided by the X-Cable technology. You are going to love our new high peak top with its unique shape. If you have never dealt with the tent industry, don't worry! Our frame tents are the easiest to setup. A 20'x20' will only take 15 minutes and a 20'x40' only 20 minutes.

FEATURES

- Large Sizes available : 20x20 – 20x30 – 20x40
- Fewer frame parts than other frame tents
- Faster installation thanks to its Cross-Cable technology
- Aluminum fittings and footplate with Rust free lifetime warranty
- 2 1/2" diameter, 1/8" wall thickness, heavy-duty anodized 6061-T6 aluminum
- Highly tensioned appearance to make your logo stand out even more

1. Aluminum cast **FOOTPLATE** with a ground spike. Even in high winds and challenging weather, your pole will remain securely anchored to the ground.
2. High quality rust free anodized **ALUMINUM POLES** and **FITTINGS**. Light-weight and well constructed to last event after event.
3. Our ingenious **CROSS-CABLE** technology facilitates for easier tent setup.
4. Industrial grade **CABLE** guarantees optimum **SAFETY**.
5. All our marquees come with complimentary **STAKES** and **RATCHET** to anchor your tent properly. Experience peace of mind at your event.
6. Easy **ROPES & RATCHETS** to secure the top. Even with windy weather conditions, your top will always remain nice and tight.
