

# Protective Counter Barrier

## Product Parts

1. Frame (x1)
2. Feet (x2)
3. Optional Graphic (x1-Top)(xBottom)

## Display Set-Up

### Step 1

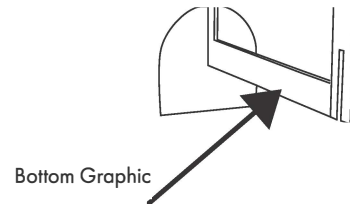

If your display was ordered with graphics (3), adhere the graphic(s) to bottom and top of frame centered between the sides. Graphic(s) (3) are intended to go on \*front of frame.

\*Front of frame is identified as non-routed edge and where frame is flush with clear window.

### Step 2

Attach Feet (2) to frame by aligning slots, pushing both Frame (1) and foot together until each stops.

## Storage & Care

To Store: Remove feet and store flat in a cool dry place.

To Clean Frame and Feet: Use soap and water.

To Clean Clear Window: Use soap and water, or hydrogen peroxide and isopropyl alcohol-based sanitizers. **DO NOT USE** cleaners or disinfectants containing **Ammonia, Bleach or Alcohol**. Cleaners or disinfectants containing **Ammonia, Bleach or Alcohol** will crack or fog the clear sheet.
