WOOD-LINE RANGE

PRODUCT BENEFITS

More durable and lighter: the Wood-Line range combines the robustness of aluminum with its unparalleled lightness, ensuring long-term durability while facilitating handling and installation.

More reliable and stable: With innovative design and high-quality materials, the Wood-Line range provides unparalleled stability, resisting the passage of time and the most demanding conditions.

Better environmental impact: Choose a responsible solution with the Wood-Line range. By selecting our product, you benefit from a sustainable alternative that reduces your carbon footprint.

The same natural charm of wood: the Wood-Line range embodies the timeless aesthetic of wood and adds a touch of elegance to your space. Its texture faithfully replicates the characteristics and natural grain of wood.

Availability	Purchase and rental	Purchase and rental	Purchase and rental	Purchase and rental

Comments

Compared to a similar traditional wooden claustra weighing 41,89 lbs, our Wood-Line claustra weighs only 25,35 lbs, offering a much lighter and easier-to-handle alternative without compromising on strength or aesthetics.
